Note:

- Cash withdrawals via overseas ATM will be paid in local currencies and subject to the maximum daily withdrawal limit of HK\$80,000 or equivalent. You must activate the overseas ATM daily cash withdrawal limit in advance for overseas ATM cash withdrawal.
- If customer withdraws cash at overseas ATM, network providers will debit HKD equivalent amount from your HKD account at exchange rate provided by different ATM network on the date of withdrawal. And a service charge (please refer to the above table) will be debited for each ATM withdrawal.
- For overseas ATM cash withdrawal, different exchange rate and Foreign Currency Conversion Fee will apply depending on the overseas ATM network that you are using. Please refer to the following information:
 - For transactions effected via the Mastercard/Cirrus ATM network, the money withdrawn is first converted to US dollars, and then to Hong Kong dollars, at the daily exchange rates set by Mastercard and Hang Seng respectively, plus a Foreign Currency Conversion Fee of 1.75% (for cash withdrawal via bank account linked with The Hong Kong Jockey Club Membership Platinum Mastercard, The Hong Kong Jockey Club Membership Gold Mastercard, The Racing Club Membership Card) or 1.95% (for cash withdrawal via bank account linked with other Mastercard credit cards.)
 - For transactions effected via the Visa/Plus ATM network, the money withdrawn is converted directly into Hong Kong dollars at the daily exchange rates set by Visa plus a Foreign Currency Conversion Fee of 1.95%.
 - For transactions effected via the UnionPay network, the money debited is converted directly into Hong Kong dollars at the daily exchange rate set by UnionPay without Foreign Currency Conversion Fee.
 - For transactions effected via selected HSBC overseas ATMs in designated locations, the money withdrawn is converted directly into Hong Kong dollars at the daily exchange rate set by HSBC plus a Foreign Currency Conversion Fee of 1%. For transactions effected via non-selected HSBC overseas ATMs, Foreign Currency Conversion Fee will be levied according to individual ATM network providers (Mastercard/Cirrus/Visa/Plus/UnionPay).
 - Customers may sometimes be offered the option to settle foreign currency transactions in Hong Kong Dollar at the point of sale/ATM overseas (if applicable). Such option is a direct arrangement offered by the overseas merchants/ATM network providers and not the card issuer. In such cases, customers are reminded to find out from the merchants/ATM network providers about the foreign currency exchange rates and the percentage of handling fees to be applied before entering into the transactions since settling foreign currency transactions in Hong Kong Dollar may involve a higher cost than settling in foreign currency.
 - Please visit the web page of ATM network providers/Hang Seng for the reference of exchange rate which has not included Foreign Currency Conversion Fee (if applicable).
- Other than the above mentioned charges, additional surcharges of overseas bank may be levied (if applicable).
- Due to the different dispensing limits of ATMs at different location, you may have to perform more than one transaction in order to obtain the amount of cash you require.
- Please note some overseas ATMs only allow cash withdrawal from the account shown on your card face, please ensure there is sufficient balance in that account before departure.

Investment funds are investment products and some may involve derivatives. SimplyFund Account – Account Fees

I. Monthly Account Fee ^{1, 7}

Monthly Average Portfolio Value ²	Monthly account Fee
Below HK\$5,000	HK\$0
HK\$5,000 to HK\$100,000	HK\$20 ⁴
More than HK\$100,000	0.05% ^{5, 6}

Notes:

- (1) The monthly account fee is charged with reference to the monthly average portfolio value.
- (2) The monthly average portfolio value is the total sum of the daily portfolio value divided by the number of calendar days of the month (number of calendar days is counted from the settlement date of first order to the end of the month if you newly buy fund via the account).
- (3) The daily portfolio value is the total sum of the market value of all current fund holdings under the customer's SimplyFund Account in a calendar day. For fund(s) denominated in non-HKD, the HKD equivalent of the market value is calculated based on the exchange rate as determined by the Bank.
- (4) The monthly account fee is HK\$20 if the monthly average portfolio value is between HK\$5,000 to HK\$100,000.
- (5) The monthly account fee is calculated based on this formula if the monthly average portfolio value more than HK\$100,000: Monthly Average Portfolio Value x 0.05%. For example, if your average portfolio value is HK\$100,000.01 in a particular month, the monthly account fee is HK\$100,000.01 X 0.05% = HK\$50, which is the minimum charge for this tier. If your average portfolio value is HK\$200,000 in a particular month, the monthly account fee is HK\$200,000 X 0.05% = HK\$100.
- (6) 0.05% per month = 0.6% p.a.
- (7) (a) The monthly account fee for the current month will be debited from the HKD savings account under the relevant integrated account on the 8th calendar day of the next month. If such day is not a business day, the relevant monthly account fee will be debited on the next business day. Please refer to the monthly statement of the relevant integrated account for the actual amount of monthly account fee debited.
 (b) If the Bank cannot debit the monthly account fee from the HKD savings account under the relevant integrated account for 2 consecutive months, the SimplyFund Account will be suspended until all outstanding account fees and charges have been settled.
 (c) The monthly account fee will continue to accrue during the suspension period.
 (d) Where the monthly account fee is to be debited from a non-HKD account (for whatever reason), the relevant account (in foreign Currency) will be converted into HKD based on the exchange rate as determined by the Bank.

II. Account Administration Fee

Account Administration Fee at transfer-out ¹	1.5% of the prevailing market value (as at the date of the Bank's receipt of the transfer-out instruction) of the fund holdings being transferred out

Notes:

- (1) An amount equivalent to such fee held in the HKD savings account under the relevant integrated account will be withheld upon the Bank's receipt of the transfer-out instruction, and will be debited upon successful execution of the transfer-out instruction. For fund(s) denominated in non-HKD, the HKD equivalent of the prevailing market value is calculated based on the exchange rate as determined by the Bank.
- (2) Any accrued monthly account fee not yet charged (up to and including the date of account closure) will be debited from the HKD savings account under the relevant integrated account upon successful execution of the account closure instruction.
